A: My service makes it easy for busy New Yorkers to look their best without having to take time out of their hectic schedules to come to my office. I make it easy for them to erase their lines and wrinkles by going to their homes. Even more convenient, my appointment hours extend through the evenings and weekends. I go mostly in Manhattan, although with the summer here, I have already made several calls to the Hamptons. I even helped one hostess organize a Sunday "BOTOX & lox" brunch! I also make house calls to clients in lower Westchester.
